NOTE. MATERIAL OF CONSTRUCTION OF ABOVE VESSELS:—STEEL, 233—806,462 tons. IRON, 34—33,698 tons. WOOD AND COMPOSITE, 22—20,350 tons.

THE LOSSES INCLUDED IN THIS TABLE ARE DETAILED ON PAGES 5 TO 10.

(a) Excluding vessels trading on the Great Lakes of North America.
 (a) Under the heading "Missing," are included only vessels so posted or reported during the period covered by the return.
 (b) Vessels condemned after damage by fire, collision, stranding, &c., are included, according to the date of the casualties, under "Burnt," "Collision," "Wrecked," &c. Cases of breaking up, condemnation, &c., not consequent upon stress of weather, &c., are excluded from this Table.

(c) Under the heading "Wrecked," are included vessels lost through stranding, or through striking rocks, sunken wrecks, &c.
 (d) Under the heading "Lost, &c.," are included total losses which, for want of sufficient information, or for other reasons, cannot be otherwise classified.
 (e) Excluding cases of breaking up, condemnation, &c., which are not known to be consequent upon stress of weather, &c.

TABLE No. 2:—Showing the number, net tonnage and nationality of SAILING VESSELS totally lost, condemned, &c., during the quarter ended 30th September, 1918, as reported up to the 1st July, 1919. (Vessels under 100 tons net are not included in this return.)

Lloyd's Register of Shipping.

STATISTICAL SUMMARY

OF

VESSELS OF 100 TONS AND UPWARDS,

TOTALLY LOST, CONDEMNED, &c.,

DURING THE YEAR

1918.

NOTE:—This Summary is based upon the quarterly returns of total losses, &c., which have been published by Lloyd's Register. It includes, however, vessels which had not been given up as total losses, or of the loss of which information had not been received, when the returns for the quarters in which they respectively occurred were compiled. On the other hand, a few vessels which, being definitely considered as total losses at the respective dates of compilation, were included in the quarterly returns, have since been floated, repaired, &c., and are accordingly now excluded from the statistics given herein. Particulars of all such additions to, and deductions from, the quarterly returns are given on pages 5 to 7.

A distinguishing feature of the Wreck Returns published by Lloyd's Register is that, except as stated in the footnotes to Table No. 1, they are compiled strictly according to the dates at which the casualties resulting in total loss actually *occurred*, and not according to the dates at which *reports* of casualties were *received*.

TABLE No. 2:—Showing the number, net tonnage and nationality of SAILING VESSELS totally lost, condemned, &c., during the year 1918, as reported up to the 21st July, 1919. (Vessels under 100 tons net are not included in this return.)
